

Washway Road Medical Centre

CONTRACEPTIVE & SEXUAL HEALTH SERVICE INFORMATION for our patients

Getting the right advice about contraception, sexual health matters, HIV, unplanned pregnancy & counselling when needed, is the most important thing. **Most services are DROP-IN CLINICS; so no appointment is needed (unless stated). All clinics now provide contraceptive implant + IUD/IUD insertions and removals.**

Please note that some of these services may be suspended from time to time depending on staffing – it might be wise to ring first, to check appointment or drop-in capacity.

Emergency contraception is also available from many local pharmacies (promptly); ring NHS 111 on 111 for info.
